# MODEL CLINICAL TRIAL AGREEMENT (mCTA)

- Canada-wide initiative to:
  - ✓ standardize CT agreements by developing language for all clauses
  - ✓ bring efficiencies to clinical trial process
- mCTA's Team Canada consists of site/institution & sponsor representatives
- Collaboration with CLEAR (TransCelerate-supported) project to incorporate CLEAR language within the mCTA
- Ultimate goal – ensuring Canada's global competitiveness in attracting CTs

**mCTA**

# NEXT STEPS

- ✓ Finalizing a high quality mCTA acceptable to both sites and sponsors
- ✓ Implementation of a communication and change management strategy to lend higher visibility to the initiative and ensure uptake
- ✓ Development of an e-tool for mCTA - metrics tracking such as:
  - speed of contract negotiation
  - rate of use of the mCTA as is
  - nature and frequency of amendments and enable users to provide feedback
- ✓ Piloting of the mCTA
- ✓ Stakeholders' input is integral part of the entire process!!!

# FAIR MARKET VALUE (FMV) PROJECT

- ✓ Goal – reduction of clinical trial budget negotiation times
- ✓ Outcome - independent & sustainable process for FMV accounting for the cost differences across different provinces & different institutions within a province
- ✓ Approach:
  - Scope of sponsors' & sites' FMV needs
  - Clarify questions from both sponsors and sites that arise in this process
  - Develop FMV guidelines through benchmarks with value ranges satisfactory to all stakeholders
- ✓ Stakeholders' input is integral part of the entire process!!!
