**STRENGTHENING CLINICAL TRIALS FOR CANADIANS
RENFORCEMENT DES ESSAIS CLINIQUES POUR LES CANADIENS**

- What has been accomplished since the Summit?
- What has enabled success and roadblocks that get in the way of further progress?
- What are the opportunities for collaboration and building on existing successes?
- What needs to happen next and what resources are needed at the a) provincial level and b) pan-Canadian level?

THE STAGE

**STRENGTHENING CLINICAL TRIALS FOR CANADIANS
RENFORCEMENT DES ESSAIS CLINIQUES POUR LES CANADIENS**

1. Welcome (5 minutes).
2. Introductions and 5 min. presentations based on the Setting the Stage (1.15h).
3. Break-out groups based on themes identified during the presentations made by each participant (1h total - 30 min for group work and 10 min for group presentations per group).
4. These themes may be grouped into:
 - opportunities
 - challenges
 - pan-Canadian, provincial or local (organizational) challenges
5. Discussion based on the presentations and next steps for recommendations moving forward and potential new initiatives (35 min total; 20 min for discussion and 15 min for next steps).
6. Thank you (5 min).

Strategy 1: Establish *short and longer term implementation capacity* for this action plan and coordination of other clinical trial improvement activities.

Strategy 2: *Improve business operations* through better cost, quality, and speed of clinical trial start up times.

Strategy 3: Shape a positive future business environment and *signal Canada's interest globally* with information and incentives.
